Chevron El Segundo Marine Terminal Lease Renewal

Vic. LA-01 / PM 23.92 to 24.91

SCH#: 2006031091

September 8, 2010

Mr. Cy Oggins

California State Lands Commission

100 Howe Avenue Suite 100 South

Sacramento, CA 95825-8202

Dear Mr. Oggins:

Thank you for including the California Department of Transportation (Caltrans) in the environmental review process for the above referenced project. The proposed project is a new 30-year lease for the offshore lands associated with the existing Marine Terminal and appurtenant facilities. Execution of this lease would allow Chevron to continue operating the marine Terminal, Refinery, and associated onshore storage facilities through 2040. No additional traffic will be generated from the new lease.

Some replacement of the existing pipelines and other facilities may occur during the lease term for maintenance purposes. Pipeline replacement would involve construction of new pipelines, transport to the offshore site via barge, removal of existing pipeline segments, and installation of the new pipelines. We would like to remind you that any transportation of heavy construction equipment and/or materials which requires the use of oversized-transport vehicles on State highways will require a Caltrans transportation permit. We recommend that large size truck trips be limited to off-peak commute periods. Thank you for the opportunity to have reviewed this project.

Caltrans-1

If you have any questions, please feel free to contact me at (213) 897-8391 and refer to IGR/CEQA No. 100834AL.

Sincerely,

A handwritten signature in cursive script that reads 'Alan Lin'.
